

BEACON for Adult Literacy is excited and proud to announce that we've been selected for the Catalogue for Philanthropy: Greater Washington's 2020-2021 class of nonprofits!

This four-year partnership will help BEACON increase our visibility, fuel our growth with philanthropic dollars, and will give us access to numerous professional development opportunities, tailored to our needs. The Catalogue is the region's only locally-focused guide to giving and volunteering.

The Catalogue recognizes the best local nonprofits, and we are so honored to be included with such a great group of organizations.

To learn more about the new class and the other organizations joining us, go to [cfp-dc.org](http://cfp-dc.org)
